From the North

Exit the A7 motorway at Bollène et take the N86 towards Alès.

Important : watch out for the speed radars, they are many on this road!

- Arriving in Alès, turn left at the roundabout on the D60. This is the ring road around Alès and unfortunately often busy.
- You will find several roundabouts, follow the direction of Montpellier (D6110). From there, instructions are the same as "From Nîmes"

From Nîmes

Take the N106 towards Alès.

Arriving in Alès, turn left at the roundabout towards Montpellier (D6110).

- At the end of "Avenue Olivier de Serres", there is a big roundabout : turn left (3rd exit) towards Montpellier – Saint-Christol-lès-Alès.
- At the top of the hill, just after this roundabout, there is an OPEL garage on the right : take the small road opposite on the left (D367) towards Montèze-Montmoirac.
- Straight on for 3kms. You will find the Chemin du Mas Cauvy on the left, just after 2 street bumps.

Important : Do not follow your GPS navigator if it takes you towards "chemin des Dupines" opposite Hyper U in Alès or "chemin des Astries" at the end of the avenue Olivier de Serres. This way is supposed to be a shortcut but not worth it as these roads are too narrow for a caravan or a camper.

From Anduze

Follow the direction of Alès by the D910A.

- In the center of Saint-Christol-lès-Alès, turn right at the roundabout of the stone pyramid.
- After 200m, at the small roundabout with an olive tree in the center, turn left onto the Route du Mas Rouge.
- Follow the road until the Chemin du Mas Cauvy on the left (which is 100m after a "Stop" sign).

From Montpellier

Exit the A9 motorway at Lunel and take the D34 towards Alès by Sommières.

- You arrive at Saint-Christol-lès-Alès by the D6110.
- Before arriving at the center (roundabout with the stone pyramid), there is a small roundabout with an olive tree : turn right on the Route du Mas Rouge.
- Follow the road until you find the Chemin du Mas Cauvy on the left (which is 100m after the "Stop" sign).

Important : Do not follow your GPS navigator if it takes you through the village of Montèze just before arriving to Saint-Christol-lès-Alès (route de Montèze on the right from the D6110). This way is supposed to be a shortcut but not worth it as these roads are too narrow for a caravan or a camper.
